

PWs to Get Another Chance to Return Home

By RBERT VERMILLION

TOKYO (UP) — The Indian com-
mand said today it would give 21
unrepatriated American prisoners
another chance to return to their
homeland and families.

Lt. Gen. K. S. Thimayya, Indian
head of the prisoners' commission,
promised to conduct a "head
count" of the Americans, thus giv-
ing them an opportunity to request
repatriation.

The Indians' announcement came
at the same time that Lt. Gen. Wil-
liam K. Harrison, chief truce nego-
tiator, made a mystery flight from
Tokyo to Seoul, indicating the Uni-
ted Nations may try to reopen talks
on a Korean peace conference.

There were other important de-
velopments on the Korean front:

1. South Korea charged that the
United Nations was losing its battle
with the Communists by trying to
negotiate a peaceful settlement of
the Korean question.

2. The Indian command charged
that South Korean "agents" had
disrupted its "head count" of 22,000
anti-Communist Chinese and North
Koreans because 135 accepted repa-
triation last week.

3. Lt. Gen. Maxwell Taylor,
Eight Army commander, said he
had given South Korean Foreign
Minister Pyun Yung Tae advance
warning that American troops
would protect Indian guards from
attacks by ROKs attempting to free
anti-Red prisoners.

4. Taylor announced he would
make public U. N. plans for pro-
cessing the anti-Communist prison-
ers at midnight, Jan. 22 — the date

Policy Makers Embarrassed on 'New Look'

By ONAL J. GONZALES

WASHINGTON (UP) — The Ei-
senhower administration today was
embarrassed and disturbed over
reports it was taking a "new look"
at its policy of refusing to recog-
nize Red China and opposing Uni-
ted Nations membership for the
Peiping regime.

Top policymakers denied vigor-
ously they were engaged in any re-
view of China policy.

The most emphatic denial came
from Assistant Secretary of State
Walter S. Robertson, who returned
earlier this week from a Far East
tour of Formosa, Korea, Japan
and the Philippines.

"There has been no change in our
policy of non-recognition of
Red China and there is no founda-
tion in fact for reports that the ad-
ministration is taking a new look
at its policy," Robertson told the
United Press.

He added that his statement ap-
plied with equal force to the admin-
istration's adamant refusal to con-
sider U. N. membership for Red
China at the expense of the Na-
tionalist government on Formosa.

McCarthy Is Angling for \$300,000

By G. MILON KELLY

WASHINGTON (UP) — Members of
the Senate Investigations subcom-
mittee said today Chairman McCar-
thy (R-Wis.) is angling for a
\$300,000 appropriation to finance
its work this year.

The senatorial informants, insist-
ing on anonymity, said the figure
proposed by McCarthy is subject
to change before it is presented to
the Senate. They spoke in separate
interviews.

A \$300,000 figure would be 50 per
cent greater than the subcommis-
tee's 1953 budget, which was twice
as large as its appropriation in
1952.

McCarthy said he gave the sub-
committee a preview of the pro-
posed budget yesterday, but he de-
clined to talk for publication about
the total except to say it would
provide enough money to hire 10
more investigators and lawyers.

The budget request requires ap-
proval of his all-Republican subcom-
mittee before he presents it to the
Senate.

Cattle Rustler on FBI List

DIXON, Calif. (UP) — An accused
rustler of cattle in Arkansas, Okla-
homa and Texas one of the FBI's
10 most wanted men — was cap-
tured here yesterday.

Officers said they picked up
Chester Lee Davenport, 31, as he
prepped to milk a cow in a dairy
barn where he worked.

The FBI said he and his brother
Norman had operated extensively
as rustlers in the Southwest.

Costing Less to Collect State Taxes

LITTLE ROCK (UP) — The Ar-
kansas Revenue Department last
year spent comparatively less to
collect more taxes than ever be-
fore in history.

Revenue Commissioner Vance
Scurlock reported to Gov. Francis
Cherry yesterday that collection
costs amounted to \$1,616,271—or
674.983 in taxes.

The average collection cost
for the preceding four years was
1.71 per cent, he added.

Scurlock noted that, while col-
lections reached a record peak in
1953, tax revenues have begun to
level off from a steady upward
trend prevailing for about 12 years.

The revenue commissioner re-
ported that a "business to - busi-
ness" check begun by his agents
last October had plugged num-
erous loopholes in sales tax col-
lections.

In one instance, he said, a busi-
ness had collected 13,000 in taxes
from customers over a 10-year
period but hadn't turned the money
over to the state. Scurlock added
that, with the addition of penalties,
this business now owes the state
more than \$26,000.

Scurlock said the Revenue De-
partment also plans to tighten up
on collections of state income
taxes.

He said a second man would be
placed in the office of the Internal
Revenue Bureau here to compare
state income tax returns with fil-
ings on federal income tax.

The station has stationed one
man in the federal tax office for
several years.

Mink-Made Man Sees Nothing But a Bright Future for the Coat Producing Creatures

By HAL BOY LE

NEW YORK (UP) — Col. Frank C.
Gothar is a mink-made man.

"I never inherited a penny in my
life," said the colonel, who is
perhaps the only man in America
who wears a mink coat and also
owns 9,000 live mink, 400 hogs,
1,400 acres of Iowa bottomland and
a Colorado gold mine.

"Of course, it's just an old gold
mine," he explained modestly. "I
bought it for the taxes on it."

"I suppose there are any num-
ber of people who own gold mines.
But the only other fellow I ever
heard of who had his own mink
coat was that Russian they called
Rasputin. After he got himself
killed the Russian government sent
his coat over here and it sold for
\$2,200, although it was 25 years old."

To the colonel this is sound proof

Old Dobbin Selected by Postoffice

PHILADELPHIA (UP) — The
Post Office Department after
an exhaustive survey of the
comparative merits of the
horse and wagon versus me-
chanized transportation for cen-
ter city mail delivery has
ruled in favor of old Dobbin.

Attempts to supplant the
horse-drawn mail wagons in the
Quaker City are as com-
mon as jokes about the horrid
taste of the water.

About every four years, effi-
ciency experts, armed with
charts, time-pieces and other
modern paraphernalia set out
to prove that the horseless
buggy is far superior to the
percheron for transportation.

Each time they've been given
the hose laugh and gone
away beaten men, their faith
in progress and modern science
badly shaken.

Washington set out last year
on another survey. The Post
Office Department's bureau of
facilities made time and mo-
tion studies in the central
city area.

It timed the horse-drawn
wagons against truck delivery
in the center area.

It compared these statistics
with past experiments. There
lots of comparative statistics
because this thing has been
going on for 30 days years.

Their decision made the
hardest of them weep:

There's just no better way to
get the mail through central
city traffic snarls than by
horse and wagon.

It takes a horse and wagon
to get through narrow back
streets to the near entrances of
business establishments.

TO ACCEPT BIDS

LITTLE ROCK (UP) — The Ar-
kansas Military Department has
announced it will accept bids this
month on construction of new
armories at McGhee and Boone-
ville. The structures will be fi-
nanced by both state and federal
funds.

Gothar a stalwart 6-foot-3 man

ranchers and a pioneer in the
breeding of new fur types.

"Mink have fascinated me all
my life," said the colonel, who
came here to sell 2,000 pelts. "I
trapped 'em as a boy near my
home at Anthon, Ia."

"I had a good home, but I left
it at 12 because the farm was too
small an operation for a family of
seven."

Heavy Police Force Patrols New York Piers

NEW YORK (UP) — A 550 man
around-the-clock police patrol was
ordered to New York City piers to-
day in the explosive waterfront
situation.

The heaviest concentrations were
ordered for the Brooklyn docks,
where two piers have been struck
Shipping officials have expressed
fears that the tieups might spark
a general strike in the strife ridden
port.

Chief Inspector James R. Ker-
ney issued orders for the in-
creased police detail after a closed
door meeting of Mayor Robert F.
Wagner Jr. with Police Commis-
sioner Francis W. H. Adams and
two other top aides. The confer-
ence followed a meeting of New
York City and New Jersey auth-
orities Wednesday.

The police order came during an
uneasy truce as the old independ-
ent, International Longshoremen's
Association, ousted by the Ameri-
ca Federation of Labor, and the
new AFL-ILA fought for certifica-
tion as bargaining agents for more
than 20,000 dock workers in the
port.

A total of 4,397 challenged ballots
is delaying declaration of a win-
ner in a pre-Christmas NLB3
election, in which the old ILA was
credited with 9,000 votes, to 7,563
for the AFLILA.

was also released on 5,000 bond.
She is accused of helping pass
some of the 8,000 \$20 bills in a
wild New Year's weekend spree.

round-the-clock search for the
rest of the stolen money which
Landis is charged with taking
from the vault and replacing it
with "dummy" packages of plain
paper.

Secret Service Chief U. E.

friends could have spent all the
missing bills at the rate they were
going during the New Year's week-
end. But evidence turned up yester-
day indicating some of it was

DETROIT (UP) — A tipster be-
lieved to be under heavy police
guard provided the solution to the
attempt to assassinate CIO Pres-
ident Walter P. Reuther almost six
years ago. Prosecutor Gerald K.
O'Brien said today.

He said he received a telephone
call two weeks ago and a meet-
ing was arranged "late at night
in a strange place."

Reuther, who was only president
of the United Auto Workers Union
then, was critically wounded by a
shotgun blast April 20, 1948, as he
sat in the kitchen of his home eat-
ing a pre-bedtime snack.

"I obtained a good deal of in-
formation," O'Brien said of his
cloak-and-dagger meeting with his
tipster. "I guess it was risky. My
family very easily could have col-
lected on my insurance."

Four men have been accused of
the attempt murder two were
arrested, one is serving a federal
prison term for another crime
and the fourth still is at large.

Arrested were Carl Renda 35
star witness at Senate Crime in-
vestigating committee hearings

of Texumseh, Ont., who is being
held in Windsor awaiting extradi-

I have lived in this County all my
life, and a graduate of Hope High
School, and for over twenty years
I was engaged in business here in
Hope, with the exception of the two
years spent in the Army during
World War II.

I am deeply grateful to the people
of Hempstead County for having
elected me County Clerk, and I
have tried to make an honest and
faithful official. I feel that my ex-
perience as County Clerk will help

portant office of the County Treasur-
er. If I am elected your next Treasur-
er I will devote my entire time
and efforts to the duties of this of-
fice. I will appreciate your careful
consideration in the coming elec-

Two Suspects of Theft Are Free on Bond

WASHINGTON (UP) — Two
men suspects arrested in connec-
tion with the theft of \$100,000 from
the government's money vaults
were free on bond today as Secret
Service agents pressed the search
for 1,800 missing \$20 bills.

husband, James Rufus Landis, Bu-

Tax Plan Fails to Satisfy GOPs or Democrats

By CHARLES F. BARRETT

WASHINGTON — President Ei-
senhower's tax program fell far
short today of satisfying strong ap-
petites on Capitol Hill for tax cuts
in this Congressional election year.

Almost to a man, both Republi-
cans and Democrats on the House
Ways and Means Committee, where
all tax bills must start, called for
more or bigger reductions than
the President proposed.

One influential Republican, Rep.
Richard M. Simpson (Pa.), said to-
day he would favor a sweeping
slash of all excise taxes—except
on liquor and tobacco—down to 10
per cent. Rates on many items
now run from 15 to 25 per cent.

Eisenhower, in his state of the
union address yesterday, declared
"further reduction in taxes can
and will be made... as additional
reductions in expenditures are
brought gradually but surely into
sight."

But the President didn't hunt
when, or where, new cuts might
come.

And he renewed a plea for Con-
gress to cancel three billion dol-
lars in annual tax reductions now
set automatically for April 1. These
cuts would apply to corporation in-
comes and excises on liquor, auto-
mobiles, gasoline, cigarettes, beer,
wine and spruce goods.

House Speaker Joseph W. Martin
Jr. (R-Mass.) conceded the tax pro-
gram probably would be the tough-
est to enact among Eisenhower's
many proposals. "I rather expect
that is where we will have our
biggest difficulty," he told re-
porters.

Out of 13 of the 25 Ways and
Means members reached for com-
ment, only one — Rep. Goodwin
(R-Mass.) did not call for some
tax cuts now. The emphasis was
heavy on cuts in excise or sales
taxes, indicating that is the field

land and settled down." In 1916 Gother, whose life is a fur-lined romance, began breeding mink, but didn't make a dollar out of them for 17 years. He made the farm pay his living and the cost of his breeding experiments. He became one of the nation's best known fur judges and atop auctioneer. His title of colonel, conferred by the state of Iowa, is a tribute to his work at more than 1,000 auctions.

"My dream was always to create a better mink," he said. "Over the years I cross-bred six species of American mink and five species from Alaska and Canadian. I've produced mink in 12 different colors."

"Right now I'm interested in white mink and buff mink, because they're new. I always like to do something new. I get one white mink out of every 16 I produce."

"I've been told several times that this is impossible because it violates the Mendelian laws of heredity. But my mink never heard of the law. You never can tell what a mink will do."

The colonel wears a hat made of wild jackrabbit fur. "We feed the mink wild jackrabbits by the ton," he explained. "We also feed 'em horsemeat, hearing, buttermilk, cereals, yeast and tomato juice."

The mink respond to this nourishing diet by being amazingly cooperative in the colonel's breeding experiments. A mink born in May will produce an average litter of four kits one year later. But except for those kept to re-stock the herd, the mink born in May are electrocuted and pelted the following December.

"I don't know of any animal that grows so fast," said the colonel. The mink have an all-around value in peace and war. Their fur is made into fine garments to clothe lovely ladies. Their carcasses are ground into lard and fed to hogs. Their grease is made into glycerine and winds up in high-explosive shells.

Col. Gother who did as much as any man to turn this wild little creature into a multi-million-dollar ranch animal, says he has a deep respect for mink.

"They're naturally vicious," he said, "but they're the greatest mink in the world. They're good to their kits."

R. Lemphing, in 1945, coined the word "genocide" in order to word the indictment of the German war criminals at the Nuremberg trials.

Tax Plan Fails

where the big battles may come. Eisenhower did not mention excise taxes other than those scheduled to decline April 1. This could leave the door open for him to propose cuts in a detailed tax and budget message later—but Congressmen generally expected the administration to try to hold excise revenues to present levels.

The President did not renew his 1953 request for Congress to cancel the jump from 1 to 2 per cent in the social security tax which took effect Jan. 1. Administration sources said it was dropped because of a forthcoming program of higher benefits.

Ways and Means Chairman Daniel A. Reed (R-N.Y.), who waged a spectacular battle against administration tax policy last year, said he was "delighted" at the President still support for a tax revision program now being developed by the committee and the Treasury.

WASHINGTON, (UP)—President Eisenhower asked Congress today to grant selective tax relief to some individuals and corporations. But he held out against any further across-the-board reductions this year.

He disclosed in his State of the Union message that the administration will seek 25 changes in federal tax laws aimed at encouraging business expansion and easing hardships on working mothers, families with heavy medical expenses and other specific groups. To all other taxpayers Mr. Eisenhower offered a reminder and promise. The reminder was that personal income taxes dropped about 10 per cent and the excess profits tax expired on Jan. 1. The promise was that "further reductions can and will be made" as the Republican economy knife whittles deeper into federal spending. But he did not predict how soon that additional relief may be possible.

He asked the lawmakers to postpone indefinitely the cuts which are scheduled to take place April 1 in federal excise taxes on liquor, tobacco, gasoline, automobiles and other items. And he said the corporation income tax should be kept at the present rate of 52 per cent for another year instead of dropping to 47 per cent on April 1 as scheduled. Both these requests were repeats from the tax program he submitted to congress last summer.

But Mr. Eisenhower did not repeat his request of last year that congress freeze the social security payroll tax at 1 per cent. The tax on employers and employees went up to two per cent Jan. 1, and some congressmen had expected Mr. Eisenhower to propose rollback to the old rate.

Mr. Eisenhower withheld details of his tax proposals until his budget message to congress on Jan. 21. The board outline which he sketched today was sufficient, however, to make clear that he is likely to have trouble with congress on the tax issue.

Chairman Daniel A. Reed (R-N.Y.) of the House Ways / Means Committee, who fought the administration unsuccessfully last year on tax policy, has already served

Sunday School Lesson

By William E. Gilroy D. D.

The supreme theme of the Gospel of John is the divinity of Jesus as set forth in the prologue of the Gospel in John 1:1-14.

But the Gospel of John in many incidents and phases emphasizes the humanity of Jesus as well. Jesus Himself stressed this.

In contrast with John the Baptist, whom He declared to be the greatest of men born of woman but who came neither eating nor drinking (Matthew 11:18,19), Jesus described Himself as both eating and drinking a normal human being who hungered and thirsted became weary and slept.

The divinity of Jesus was not the denial of His humanity, but was the incarnation of divinity, being revealed in and through His human life.

The story of the marriage in Cana of Galilee (John 2:1-11) is an incident in the blending of humanity and divine power. While some will concentrate attention upon the miracle, others will find the chief interest in the fact that Jesus was there.

The miracle of the changing of the water into wine takes its place among all the miracles which if they could be explained would not be miracles at all. But fact that Jesus was there as a guest with His disciples stands out with bold significance.

One could hardly have imagined John the Baptist present at such a time or place. And if he had been there, it would probably have been to preach a sermon of warning and doom.

Jesus could express stern rebuke against the evil that He observed, as anyone who reads Matthew's 23 can see but at that wedding feast He was evidently a guest in the spirit of the occasion.

There are other incidents that reveal Him in His true humanity friendly and unconventional, as in the meeting with the Samaritan woman (John 4).

We must see Jesus in all the manifold aspects of that amazing earthly life if we would know and understand Him and follow His example in the earnestness of one said, "I must be about my Father's business."

notice that he will oppose Mr. Eisenhower's requests to keep corporation and excise levies at present levels. Reed has also indicated he will work for further cuts in personal income taxes this year. Many Republicans with eyes on this fall's elections are sympathetic to Reed's position.

Reed is heartily in favor of selective changes in the tax laws along the lines Mr. Eisenhower recommended and the only likelihood of a clash on this score appears to lie in the possibility that congress may go further than the administration wishes. The Ways Means Committee has already begun work on a proposed overhaul of the tax system which is expected to embody all of Mr. Eisenhower's forthcoming 25 proposals and perhaps others. It would cost the government upwards of \$1,500,000,000 a year in revenue.

ness." We must understand the exacting nature of taking up the cross and following Him, but we must never lose the human touch, the gentleness of the Master who blessed little children and rejoiced with those who rejoice with those who wept.

To know Jesus in all the richness and beauty of His life to be in any measure like Him, to share in any measure His mission and purpose and to know the meaning of the Gospel—surely this is the greatest venture and achievement that life can command.

It ought to be, for it is the gift of God to men.

"God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life."

Clubs

Blowing Wild
The Blowing Wild Demonstration Club met in the school lunch room on December 14 at 6:30 p. m. for a regular meeting. Members entertained their families and a number of friends with a pot luck supper. The highlight of the evening was the exchange of gifts from the beautifully decorated trees. Mr. Jones, school superintendent, gave the devotional and led the group in the singing of Christmas carols.

After a short business meeting the group played games which were conducted by Mrs. M. Tibbitt, Mrs. Ralph Boyle, and Mrs. Doll Gorman.

Some sixty people enjoyed the occasion. Mrs. T. J. Stewart and Mrs. Owens were hostesses.
